²Affiliation

Heading 1

This is an example of Body text – P1. It should be used for paragraphs that begin after a heading

Equations should be aligned to left margin and numbered consecutively, as in equation below (1).

This is an example of Body text – P2 which is the style to be used for paragraphs which follow Body text – P1.

$$I((P - k_i)^2, m_i^2, M) = \frac{1}{(2\pi)^3} \int \frac{d^3k_i}{2\omega_i} \delta^4(P - k_i) \quad (1)$$

Heading 2

Table 1. Table title

Table cell heading	1	2
Table text	Table text	Table text

Figure or Photograph
<= 6 cm width

Fig. 1. Figure title

Full page width tables, boxes, figures or photographs.

Table 2. Table title (designed to fit across two columns)

Table cell heading	1	2	3	4	5
Table text	Table text	Table text	Table text	Table text	Table text

Figure or Photograph

Fig. 2. Figure title (designed to fit across two columns)

References

Insert your references here using the reference style, which intends the second line of each reference (see examples below)
