

## **Postgraduate Institute of Science Annual Research Congress 2023 (RESCON 2023)**

- The 10<sup>th</sup> Postgraduate Institute of Science Annual Research Congress 2023 (RESCON 2023) is scheduled to take place on 3<sup>rd</sup> and 4<sup>th</sup> November 2023 at the Postgraduate Institute of Science and Faculty of Science, University of Peradeniya.
- The conference aims to provide a platform for local and international researchers, as well as postgraduate students from various scientific disciplines to showcase their research, exchange ideas, and network with like-minded individuals.
- RESCON, one of the premier scientific conferences, will feature a diverse range of presentations, including oral presentations and poster sessions under five exciting themes; Earth and Environmental Sciences, ICT, Mathematics & Statistics, Life Sciences, Physical Sciences, and Science Education.
- Further, RESCON2023 offers a unique opportunity to attend interactive pre-conferences and network with local and international peers and experts.
- We are honoured to host distinguished guests who have made significant contributions to their respective fields. The Chief guest, Senior Professor Ranjith Senaratne, Chairman, National Science Foundation, Sri Lanka will address the gathering at the Inauguration ceremony, which will be held on 3<sup>rd</sup> November 2023. Professor Kosala Weerakoon (Professor in Medical Parasitology, Faculty of Medicine and Allied Sciences, Rajarata University of Sri Lanka), a young scientist who has made a remarkable contribution to research will deliver the keynote speech.
- Our conference boasts an exceptional lineup of plenary speakers: Professor Johannes Barth from the Department of Geography and Earth Sciences, Friedrich-Alexander-Universität Erlangen-Nürnberg, Germany; Dr. Chaminda Ranasinghe, Founder/Chief Executive Officer of IDEAHUB (PVT) LTD; Senior Professor Shironica Priyanthi Karunanayaka, from the Department of Secondary and Tertiary Education at the Open University of Sri Lanka; and Professor Danny O'Hare from the Faculty of Engineering, Department of Bioengineering, Imperial College London.
